CROP DAMAGE FROM STORM

Crop damage to cotton and Emperor grapes is reported this week as an aftermath of the early-season storm that moved through the area the end of last week.

Slip skin is beginning to show in Emperor grapes as a result of the wetting they received; extent of the damage cannot be determined as yet since the condition can continue to develop after grapes have gone into storage, or are shipped.

Plants were knocked down in some cotton fields, however, principal damage to cotton will come from a reduction in grade, resulting from the heavy downpour of rain.

Slight damage is reported to raisins, however, most growers had practically all of their crop in prior to the storm.

Office of the Vandalia Irrigation district was struck by lightning and demolished by fire, with loss of equipment and district records in the building.

Throughout the area power circuits were cut out and telephones were out in some districts. Crews were imported from other county towns and from southern California to assist local Edison company

Plans Moving For Veterans' Homecoming

Plans are moving ahead for the annual Veterans' Homecoming in Porterville, November 10, 11 and 12, with various committee chairmen reporting at a celebration committee meeting held Monday evening in the Porterville V.F.W. hall.

Mrs. Opal Byers and Mrs. Gertrude McIntyre reported that Porterville chapter of Native Daughters to the Golden West will again be in charge of an Oldtimers' tea the afternoon of November 12 at the Porterville high school cafeteria; they will also mail invitations to out-of-town pioneers.

Karol Kendrick and Maynard Sommer, from Porterville college, reported that queen and attendants will be selected at the college and that a student committee is constructing a queen's float which can be kept for use also in future years.

Stephen Merton, owner of S. J. M. Enterprises, told of his carnival type show that could provide entertainment during the Homecoming Celebration and a weekend merchants' sales event. He said that his show featured adult and children's rides, with concessions operated by local people.

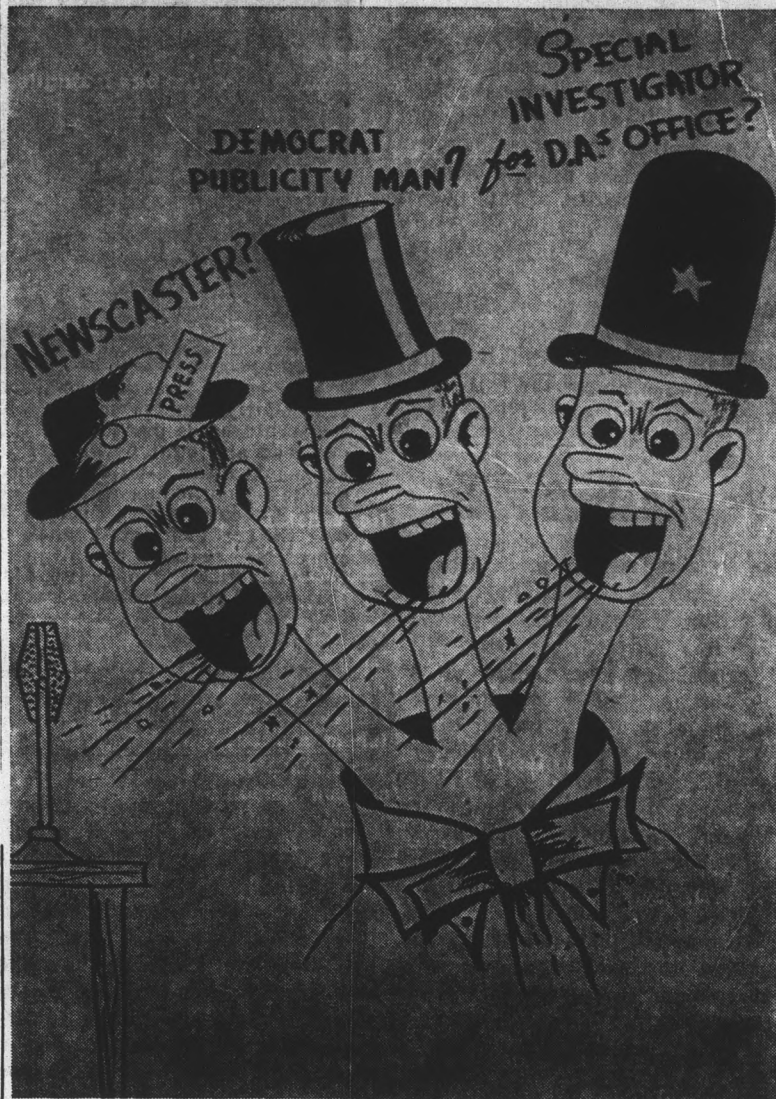

Willard Wall and Al Sayre re-

SPORTSMEN TURKEY SHOOT IN NOVEMBER

Annual turkey shoot, sponsored by the Southern Tulare County Sportsmen's association, has been set for Sunday, November 4, with Arleigh Byers, association president, in charge of general arrangements and Al Browning handling general supervision of the shoot. Featured will be shotgun and .22 rifle competition and games of skill. The shoot will be held at the Sportsmen's range just south of Rocky hill.

SUCCESS DAM SCHEDULE IS OUTLINED BY ENGINEERS AT MEETING IN SPRINGVILLE

Success Dam is scheduled for completion by November, 1959, according to plans presented Tuesday night by Lt. Col. Paul Loop, Assistant District Engineer, U.S. Corps of Engineers, Sacramento.

Col. Loop, speaking before 100 members and guests of Springville Farm Bureau Center, detailed the construction schedule beginning with the current fiscal year, July 1956 to July 1957.

According to the proposed schedule, progress this year will include: Relocate county roads; negotiate abandonment of railroad; negotiate resettlement of packing plant; initiate land acquisition, relocation of state highway and power and phone lines; contract for furnishing outlet gates and construction of outlet works, main dam, spillway, Frazier dike, roads, buildings, grounds and utilities.

Fiscal year 1958 plans, as listed by Col. Loop, include: complete relocation of power and telephone lines; furnishing of outlet

(Continued on Page 2)

Youngsters Will Ride At Springville

From 60 to 75 riders will be competing for trophies and ribbons at Fifth Annual Springville Junior Horsemen's show, to be staged in the Gill arena, Sunday, starting at 12:00 noon. Sponsoring the event is the Springville Lions club.

Grand prize for top rider will

COUNTY CATTLEMEN MEET OCT. 27

Annual fall social evening for Tulare County cattlemen and their wives has been set for October 27, as 6:30 o'clock at the V.F.W. hall in Porterville, with a barbecue beef dinner to be served.

Representatives from the California Cattlemen's association will be present; special entertainment is planned and a dance will follow the dinner. Persons attending are asked to bring their own table service.

Tulare County Cow Belles will meet the afternoon of October 27 at the V.F.W. hall, to conduct business and to take care of table decorations.

DIAL TELEPHONE SERVICE STARTS IN PORTERVILLE NOVEMBER 3 WITH DIRECT LONG DISTANCE CALLS POSSIBLE

Dial telephone service, plus direct distance dialing to many parts of the nation, starts in Porterville November 3.

Porterville's new Sunset 4 telephone numbers also go into effect on the same day, according to Pacific Telephone Manager Bob

Board, who said a special telephone book listing the new numbers would be distributed a few days before dialing starts.

Mr. Board said telephone crews are heading into the home stretch of their job to install and test the

(Continued on Page 8)

Cooperation Reported On Lemon Removal

Crews are still working on the Meyer Lemon survey in Tulare county and most people are "very cooperative" when removal of their Meyer lemon trees is discussed according to a report from Elvin O. Mankins, county agricultural commissioner.

The Meyer lemon is a proved carrier of Quick Decline, the deadly citrus disease; citrus areas of Tulare county are included in a new Meyer-Lemon-Free district in which all of this type of tree will be taken out.

This variety of lemon is not used

for commercial planting, but is popular for garden planting to provide a "family supply" of fruit.

The agricultural commissioner further reports that harvest of deciduous fruits and summer grapes has been complete; Emperor grape shipments are now underway.

Certified seed harvest is late this season, but is now in full swing; rodent control work is "slow" at present; fall potatoes are showing a good stand; inspectors are working with retailers of eggs and poultry meats relative to marketing standards.

COLLEGE GRADS MEET SATURDAY

Old grads and former students of the Porterville college will gather Saturday for their fifth annual reunion, with festivities to start at 4:00 p.m. with registration and a coffee hour at the Porterville Elks lodge.

Of special significance will be the graduates of the class of 1931-32 who this year will be celebrating their twenty-fifth anniversary of their departure from the theoretical to the practical world.

A special reception committee, headed by 1931-32 Student Body President, Clyde Simpson, will be on hand to welcome the alumni from 4:00 o'clock p.m. at the Porterville Elks club. Other officers of the honored class were: George Day Ferguson, vice president; Austin Gill, deceased, treasurer; Elizabeth Faggart, secretary; John Webb Loyd, athletic manager.

At 6:00 p.m., following the reception, a buffet dinner will be served at the Elks club, after which there will be a short business session.

(Continued on Page 2)

RAY KENNEDY CONSIGNS TO GUERNSEY SALE

Ray Kennedy of Porterville is again consigning to the Purebred Guernsey sale that will be sponsored by Future Farmers of Bakersfield high school, Saturday, Oct. 20, at the school farm on Stein road. Sale time is 11:00 a.m.

Mr. Kennedy is consigning Rancholm Man of War Kate, a helper sired by Western Glow Man of War; the dam is Rancholm C. Catrine, who has a first calf record of 502 pounds of butterfat on twice a day milking.

The Bakersfield sale has developed into one of the top Guernsey sales on the coast. Mr. Kennedy, who started his now famous purebred Guernsey herd as a Porterville Future Farmer has consistently consigned to this sale.

AN HONOR WELL PLACED

Selection of John Guthrie, White River and Porterville cattleman, as "California Livestock Man of the Year" by the San Francisco chamber of commerce is an honor well placed.

For John is a third-generation cattleman who has found time not only to operate and expand his own cattle business, but to serve the industry as well.

He is a former president of the California Cattlemen's association; former head of the Tulare County Cattlemen's association, and a vice president of the National Cattlemen's association. He has, in addition, been active on a local, state and national level, in development of beef promotion programs and in public relations for the cattle industry. He has been called to Washington on several occasions to confer with the secretary of agriculture on matters concerning the livestock industry.

But all of his efforts have not been confined to agriculture. He has also taken active interest in community affairs and is now serving as of the county board of education.

Too often individuals are inclined to become so involved in their personal affairs that they forget the broad picture. It is men like John who carry the load for their neighbors and their associates in matters relating to broad problems of the industry or business with which they are associated.

And too often the kind words are spoken by the minister when the recipient is not in a position to hear them.

But in the case of John, his work has been recognized while he is still at it.

Certainly it is an honor to this community, as well as to John personally, to have his portrait placed in the San Francisco Cow Palace, along with portraits of other distinguished livestock men of California.

California topped all other states in number of waterfowl stamps purchased during the 1955-56 year, with 180,173 stamps out of a national total of 2,369,940.

WHITE MAN CRAZY SAYS INDIAN ESSAY

(From Tulare Co. Grange News)
Two photographs — one of a dilapidated house and the other of a badly eroded field — were the subjects of an essay contest sponsored by the Oklahoma Farmer-Stockman.

A Cherokee Indian received the first prize for this essay:

Both pictures show white man crazy. Make big teepee, plow hill. Water wash. Wind blow soil. Grass all gone, papoose too. No chuck-away. No pig, no corn, no hay, no cow, no pony.

Indian no plow land. Keep grass. Buffalo eat. Indian eat buffalo. Hide make teepee, moccasins too. Indian no make terrace. No build dam. No give a damn. All time eat. No hunt job. No hitchhike. No ask relief. Great Spirit make grass. Indian no waste anything. White man crazy.

Winter potato acreage in California is 22,500 acres, compared to 17,800 acres last year.

National pear production of 30.5 million bushels is three per cent larger than last year.

College Grads

(Continued From Page 1)

ness meeting. A special reserved section will be held for the alumni at the College of Sequoias - Porterville College football game at Porterville College stadium. After the game, the alumni will be entertained with an informal dance at the Elks Club.

Assisting Boyd Eckard, chairman of the alumni group, are Loren Schmid, director; Mrs. Emma Nuckols, vice chairman; Mrs. ma Nuckols, vice chairman; Mrs.

A special added attraction will be a reunion of the undefeated 1946 Porterville College football team. Co-chairmen of this special event are Ted Ennsin and Henry Broveli. Special invitations to these team members have been mailed and it is expected that most of these ex-greats of the gridiron, including Coach Robinette, will be present to celebrate the 10th anniversary of their successful season.

Youngsters Will

(Continued From Page 1)

be a saddle; second prize, a bridle and third prize, a saddle blanket. Boys and girls through 18 years of age are eligible to compete.

Contestants can enter up to 11:30 a.m. Sunday morning; parents must sign entry blanks before the junior riders can compete.

Officials will include: Arena director, Charles Hensen; judge, Jim Morris; announcer, John Keck; arena assistants and timers, Herb Diffenbaugh, Jack McComber and Hensen.

Events will include cowboy race, lead race, musical chairs, pleasure horse class, stake race and barrel race.

Success Dam

(Continued From Page 1)

gates and construction of Frazier dike; relocate cemeteries; continue land acquisition, relocation of State highway; continue construction of outlet works, main dam, spillway, buildings and grounds.

The fiscal year 1959 will see: completion of land acquisition, complete relocation of State highway; complete outlet works; clear reservoir area; continue construction of main dam and spillway.

Final construction will be accomplished during the 1960 fiscal year, which begins July, 1959. During this time the present schedule calls for closure of dams, (November, 1959); complete main dam and spillway; convert construction buildings and grounds to permanent operation facilities, and install operating equipment.

Col. Loop also indicated that present policy allows the government to lease certain land, located in the fringe areas of the reservoir, to the previous owner or his tenant. He emphasized, however, that this leased land could neither be fenced nor posted against hunting or fishing. He also stated that if it should become necessary, the government could recall the lease on 30 days notice.

Other officials, attending the meeting from Sacramento with Col. Loop, were W. L. Goldsmith, district real estate division chief; W. A. Doyle, engineer, and Lynn Henson, chief of San Joaquin Operations office.

SHIRES ON ACCREDITATION TEAM

O. H. Shires, director of Porterville college, has been named as member of a committee representing the Western Colleges association which will spend next week in an accreditation study in a meeting at Antelope Valley junior college, Lancaster.

Harvesting of peas is now under way in Kern county.

New "Weather King" Tractor Keeps Farmers Safe From Cold And Heat

Year-round "weather-conditioning," which will increase income, reduce fatigue and prolong lives of farmers forced to work in extreme temperatures, is provided by this "Weather King" tractor. It was designed and built by J. F. Schaffhausen, operational director of Cockshutt Farm Equipment, Inc., at his Open Gate Farms. He says weather conditioning will soon be almost commonplace on all major farm implements. Described by Mr. Schaffhausen as "the first step over the threshold into a whole new era of farming," the "Weather King" also features a built-in radio and cigarette lighter. Within the "vista-vision" plastic cab, heating and cooling equipment assures year-round 70 degree temperature.

DOYLE COLONY

By Brooke Lea Heintz

By Brooke Lea Heintz

A great part of Doyle Colony used to be an Indian reservation, many families of Indian descent (first Americans) are now making their homes here — but mostly of the Cherokee groups from the southwest. Met a man by the name of Tracy who was building a dam on the Tule River Indian Reservation a few miles east of here — he said the Department of Interior recognizes no tribal name for the Indians in those parts.

Lest Miller of "B" Lane, miner and rancher is up and around again after a long tussle with Valley fever.

Sportsman Cliff Wilson packed in with a party of five into the high Sierras. They packed out with a buck apiece — deer are where you find 'em — high and dear.

"What kind of new cars do you like", asked one fifth grader of another as they skipped down Crabtree Lane. "Oh, I like Oldsmobile, Chevie and Power". "Power ain't the name of a car—silly—that's the name of our Assemblyman." — the power of advertising — huh?

With the Doyle school cafeteria being used for class rooms, lunch-

es are served in paper sacks. Someone suggested the use of the Boy Scout building across the street for a temporary cafeteria. Should be investigated by the P.T.A. or some member of the board.

The City of Porterville is spending \$31,000.00 for a new fall out sewer line north of town — where there ain't no homes — a lot of citizens are wondering why a similar line couldn't be started toward Doyle Colony — where there are homes — about a thousand of 'em!

Still time for the business men of East Porterville to enter a float in the Homecoming Parade Nov. 12th.

The new Reeves Garage on B lane and east Date is a shining example of progress — all aluminum roof and siding.

Artichokes will be moving in volume supply by the middle of October.

FINS UR EATHERS

By Phil The Forester

Next Tuesday, October 16, is the date for the big Hunter Safety Vision Conference at the Hacienda Motel, Fresno, starting at 7 p.m. The event is being sponsored by the Central California Optometric Society and is free, with the ladies and youngsters invited.

Speakers and their subjects will be: Leslie E. Lahr, department of fish and game, "Hunting Safety and California's Program for Young Hunters"; Col. E. F. (Tod) Sloan, western representative, National Rifle Association, "Field Test on the Best Colors to Wear While Hunting"; Dr. Arthur C. Heinsen, Jr., San Jose optometrist, "Results of the Fort Ord Color Field Tests"; Yours truly, Phil the Forester, master-of-ceremonies.

With 13,000,000 people going hunting in the nation each year, almost three quarters of a million in California, hunter safety is an extremely important subject.

California is a stand out state in its junior hunters' safety training program and has certified 12,255 students this year for a grand total of 44,060 trained in the safe handling of firearms since the program was written into law at the last legislative session.

We had a preview of the optometric society's Tuesday night's program in Sacramento last weekend and can guarantee a fast moving, very interesting, enlightening program well worth attending.

The California Wildlife Federation held a meeting in Sacramento over the weekend to consider a legislative program, the fish and game department budget and other subjects.

Included in legislative proposals meeting approval was a bill to remove commercial fishing nets from inland waters. An extensive survey indicates that salmon gill nets used in the delta contains 6 1/2 percent striped bass when used in the channels and 15 percent on the flats. With the shad gill nets 30 percent of the catch in the channels are bass and on the flats 46 1/2 percent are stripers. Most of the striped bass taken in these are found dead proving that commercial fishing is making serious inroads on the striper population. With this proof at hand the sportsmen do not anticipate too much opposition to the measure to eliminate the nets but agree that complacency might cause the loss of the bill.

Apparently the fish and game department has no intent to cut costs to meet income but hopes for an increase in the license fee. The organized sportsmen are not in sympathy with this idea and will recommend certain economy plus more income from other

News Of The SPRINGVILLE COMMUNITY

By WINNIE GAGE

Mrs. Hazel Covington was surprised last Thursday when several of her friends honored her birthday with coffee and cake and the afternoon of visiting.

Mr. and Mrs. Clarence Mohlten of Porterville have sold their home in Porterville and have moved to Springville on the River Road.

John Woods, who is recovering from an attack of double pneumonia is now in the Valley Rest home near Porterville. His brother Henry and wife of Ewing, Nebr. are here visiting him.

Mrs. Hazel Covington, accompanied by Mrs. Alice Crocker of Bakersfield, attended a Handwriting Analysis meeting in Los Angeles over the weekend.

The Junior Horsemen's Show will be held Sunday, Oct. 14, in the Gill arena. Events have been set up for girl and boy riders under 18 years of age. The event is being sponsored by the Springville Lions Club.

Springville now has dial tele-

phones, having changed over last Saturday, October 6. Mrs. Juanita Radeleff, who has been the telephone board operator in Springville the past 28 years is now to get a long needed rest. Springville prefix will be Jefferson 9.

The Springville Ranger Station reports 1.25 inches of rain fell here last Wednesday.

Walter Bryson's friends and neighbors surprised him recently on his birthday when they dropped in to wish him a happy birthday and brought coffee and cake.

Mr. and Mrs. Ike Rush are visiting this week with their sons and families and friends in Bakersfield.

Mr. and Mrs. Joe Fine, Mr. and Mrs. Lee Bledsoe and Bob Moles spent the weekend at Pismo Beach fishing and report a good catch. Mr. and Mrs. Ted Lefner were also over there fishing.

For the rest of 1956, milk production will be substantially greater than a year ago.

YOU'RE INVITED TO BIRTHDAY PARTY FOR IKE

The public is invited to attend an open house at Republican headquarters, 518 N. Main, Porterville, being given in honor of President Dwight D. Eisenhower's birthday on Saturday, October 13, from 3:30 p.m. until 9:00 p.m.

Hostesses will be Republican Women of Porterville, with a birthday cake, made from the president's favorite recipe, to be cut by Mrs. Lester J. Hamilton.

Favors will be presented to all guests, and a television set will be placed in headquarters so that persons attending can hear the presi-

dent's special message during the evening.

There will be a two dollar charge for pheasant and coot hunting on state operated waterfowl public shooting areas.

PEOPLE OF TULARE AND KINGS COUNTIES MUST REMAIN ALERT TO WATER PROBLEMS AS STATE PLAN DEVELOPMENT CONTINUES

People of Tulare and Kings counties must always be alert to water problems of California in order to protect their own interests, in the opinion of Assemblyman Domer F. Power, who has attended a series of water hearings in the San Joaquin valley and the final hearing before the State Department of Water Resources in Sacramento last week.

Assemblyman Power points out that Harvey Banks, head of the new State Department of Water Resources, said in hearings that the present state water plan is a "pattern to work from", not necessarily the final and complete plan.

It was apparent from sentiment expressed at the water hearings that all areas must be considered in re-distribution of state water, according to Assemblyman Power, who said that Mr. Banks indicated that the state is not planning to ruin any area to give water to another area.

Assemblyman Power states that he concurs with Mr. Banks in the opinion that county of origin rights in relation to ultimate needs must be protected in the overall state plan.

"It is highly important", said Assemblyman Power, "that ranchers and business people of Tulare and Kings counties keep a constant check on development of the state water plan in order to safeguard our own interests. That is one of the reasons I have been participating in the series of recent water hearings."

CHUCK WAGON BREAKFAST GREAT SUCCESS

By John A. Emo, Farm Advisor

The 4-H chuck wagon breakfast, held recently by the 4-H Clubs in the Porterville district, was an outstanding success. Approximately 650 people were fed during the serving hours of 7:00 to 10:00 a.m. on September 29, on the parking lot of Smith's market in Porterville.

Vandalia 4-H club won the trophy given by Smith's market for the club that sold the most tickets per member. Winners of the 4-H jackets for selling the most tickets individually were Patsy Glover of Prairie Center and John Crosiar of Vandalia.

Except for a small amount needed for purchase of some of the supplies the entire amount of the sales of tickets went to the 4-H clubs that sold them to carry on their local club activities during this coming year. It was so successful that the clubs reports that with one or two exceptions they won't need to hold any additional money-raising events this year.

Several local business firms donated the menu which consisted of scrambled eggs, sausage, pancakes, orange juice and coffee. The stoves were loaned by the California National Guard with Sgt. Mel Reader, and Corporal Charles Guinn in charge. Temporary tables were constructed on the parking lot with lumber loaned by a local lumber yard and orange boxes borrowed from an orange packing house. A committee of 4-H leaders and older members helped with the cooking and with the other arrangements for the event.

WOMEN STUDENTS SEND FUNDS

Associated Women Students of Porterville college have mailed a check for \$48.00 to the Christian Children's fund, of St. Louis, to help finance the World Clothing week of that organization.

Republicans At County Rally To Honor Ike

Republicans from throughout Tulare county will gather Monday evening, October 15, at the Memorial hall in Exeter, to pay tribute to President Dwight D. Eisenhower; the rally and dinner is set for 7:00 p.m.

TOM PIKE, special assistant to President Dwight D. Eisenhower, who will appear as principal speaker at an Eisenhower Rally being held next Monday evening, October 15, at the Memorial hall in Exeter.

Special guests at the rally will be Ed. Shattuck, Republican National committeeman, from Los Angeles, and Phil Davis, prominent southern California Republican.

Speaker will be Tom Pike, former assistant secretary of defense and now a special White House assistant to the president. Mr. Pike is a native Californian and a graduate of Stanford University; he organized the T. P. Pike Drilling company in 1938 and served for nearly 15 years as president of this company.

He will bring a special message to Tulare county Republicans from President Eisenhower.

Vocal music will be presented during the evening by Arthur E. Huff, tenor soloist of Porterville; he will be accompanied by John Brimhall, former concert pianist of Porterville.

Invocation will be spoken by the Rev. August E. Harris, of Exeter.

Assisting with the Eisenhower Rally will be Young Republicans from Exeter, Visalia, Tulare and

Porterville.

Women of the Exeter community will be in charge of table decorations; a prime ribs dinner will be served. General chairman is Eben Pinkham, Exeter rancher.

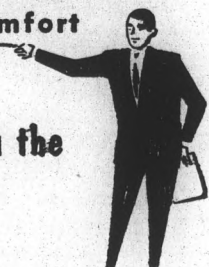

FARM PRICES SHOW GAIN

Average prices received by California farmers at mid-September were significantly higher for cotton, cottonseed, oranges, lemons, beans, alfalfa seed, cattle and milk. Average price for potatoes recorded a further sharp decline, while prices from chickens and turkeys fell off moderately.

THE OLD DAYS

PORTERVILLE ENTERPRISE
June 9, 1888

Twenty million bottles of St. Jacobs Oil sold for cure of pain. In every bottle a cure. No return of pain.

Paine's Celery Compound is a nerve tonic which never fails; it purifies the blood; it quickly restores the liver and kidneys to perfect health; it strengthens the stomach; it is a laxative but not a cathartic. Recommended by professional and business men. Price \$1.00. Sold by druggists.

Reward of \$1,000 will be paid for each and every grain of poisonous substance found in Wisdom's

Robertine, acknowledged the most delightful and only really harmless toilet article ever produced for beautifying and preserving the complexion, removing tan, sunburn, freckles and all blemishes and roughness of the skin. Used and endorsed by the elite of society and the stage. Sold by druggists at 50 cent per bottle.

Do you smoke a pipe? If you do, take the advice of thousands of old smokers that have tried it and smoke "Seal of North Carolina" Plug Cut.

Hatch chickens with the Petaluma Incubator, the most successful machine made. Hatches all kinds of eggs; made in all sizes. Write us for illustrated circular. Free. Petaluma Incubator Co., Petaluma, Calif.

An Ohio man lived on one meal per day until he could pay a merchant the \$78 he owed him. People were just talking about a medal for him when he beat a bank out of \$150. The too-honest man is more to be dreaded than the thief.

Seeing Eye Dog Report Given At 4-H Meeting

By Linda Lindgren

"Raising a Seeing Eye Dog" was the subject of a report by Kathy Woods at last week's meeting of the Pleasant View 4-H club. This is the first time a member of this club has undertaken a project of this kind. She told of how she will feed and care for him for the next nine months, when she will return him to his trainer. President Judy Taggard had charge of the meeting.

Vesta and Florence Tomicich were elected song and recreation leaders.

The yearly program as outlined by the committee was approved by the club.

Roy Baxley, the club leader, reported the results of the Chuck Wagon Breakfast given last month by the clubs of this area.

New members who joined at this meeting are Jane Hamilton, Kathy Woods, Mac Hamilton, Karroll Fisher.

Pleasant View 4-H club will meet at 7:30 p.m. on the first Wednesday of every month at the Pleasant View school.

A special hearing in Colusa, November 7, will cover the subject of whether or not there will be a special elk hunt in the Cache creek area of Colusa and Lake counties.

CROSS COUNTRY TEAM MEETS REDWOOD HIGH

The Porterville High school cross country team, with its largest turn-out in history, is meeting Redwood High School of Visalia in a league meet over the local course Thursday afternoon.

Coach Orval Gillett has 14 runners in uniform, and more are expected to turn out later. Squad members include Jack Burgess, Bob Crockett, Leon Davis, Don Delk, Mike Ferrea, Gordon Geddes, David King, Roger Lehman, John Mishler, Jim O'Neal, Steve Puckett, Dan Smithey, Jo Vigil, and Ted Young.

Mishler and Vigil have made the best times so far for the 1.6 mile course, Gillett said. Friday afternoon, the squad ran from Terra Bella to Porterville, with Mishler, Davis, Delk, Lehman, Puckett, King, Smithey and O'Neal leading the pack. Mishler toured the five miles in 33 minutes. He and Davis then topped off the day with another mile in 5m 15s, Gillette said.

NEW ADULT CLASSES SET FOR COLLEGE

Additional classes are being organized for the adult school program of the Porterville Evening college, Director R. R. Reising announced. Two new classes, in lapidary work and driver training are open this week.

Reising said registration of 15 adults is necessary before a class can be opened. Information may be obtained at the evening college office at 1625 South Main, telephone 2380.

A class in standard first aid, American Red Cross, is being organized to start next week, Reising said. The class still is open for additional registration, but because of the limited sessions, all persons must register by the time

the class starts.

Other adult school classes now in session include astronomy, U. S. history, high school English, senior problems, psychology, clothing construction and tailoring, woodworking, metals shop, and machine shop. Registration still is open in these classes.

Porterville College also is the site for extension courses being offered by Fresno State College and University of California. F.S.C. courses are in Education 138E, Music, and Education 242, Laws Relating to Children. The U.C. course is in Community Planning. Bulletins listing extension courses are available at the evening college office.

We Only Heard By BILL RODGERS

MY, MY, Mr. Ken Clifford is getting so excited about what we write in this column that he has called in his old cohort, Frank Brown, via tape recording, to heap words of censure upon us. Just like old times, isn't it?

JUST IN case some of you might have heard Mr. Clifford and didn't know what he was so disturbed about, we assume it was our remarks about Congressman Harlan Hagen's misuse of his "franking" privilege in mailing out obvious campaign material with the government, which is you and me, footing the postage bill. And then we mentioned that apparently Mr.

Hagen can do no wrong, even when automobiles and whiskey are involved. This latter statement of course, referred to the congressman's escapade of a couple of years ago when he beat the rap on "drunk in an automobile" charge by pleading congressional immunity. When we mention this, it is not "smear"; it is police record.

STUDENTS WASH CARS FOR BLAND MEMORIAL FUND

Two car washes to raise funds for a scholarship in memory of Wendell Bland, Porterville College student killed last year in an auto accident, will be held October 14 and October 28 at Gibson's Auto Laundry, Third and Garden Streets, Porterville, under the auspices of the Porterville College student council.

Tickets are being sold for 75 cents at Jensen's Stationery, and can be obtained through any college student council member.

The goal is \$200.00 and the money will be given to a deserving Porterville College sophomore upon graduation for the continuation of his education.

Football "Civil War" To Be Resumed Saturday Night As College Pirates Meet Invading College Of Sequoias

Battle lines are being drawn for the traditional "civil war" football game between Porterville college and College of the Sequoias on the Porterville College field at 8:00 p.m., Saturday.

The two teams generally meet on even terms, as previous performance records count for little when traditional rivals get together. Porterville copped a 14-13 decision three years ago, C.O.S. took a 26-19 victory two years ago, and the Pirates exploded in the second half last year for a 33-6 win.

Special interest is generated in the game locally because Dino Spigarelli, the C.O.S. mentor, left Porterville college three years ago to take the post at the larger school.

In games to date, Porterville has won two and lost one; C.O.S. has won one and lost two. The Pirates beat Hartnell, 33-14, and Reedley, 26-7, while losing to Los Angeles Harbor by a 46-7 score. C.O.S. was edged by Yuba, 13-12, and Coalinga, 24-18. They hold a 13-6 win over Monterey Peninsula college.

Pirate Coach Sid Hall, pleased

with his team's decisive win over Reedley in a conference opener last week, said the best thing about the game was that it gave him a chance to see what some reserve players were capable of producing.

Halfbacks Hal Braly and Warren Schaffer turned in handsome running performances and will give good support to Bob Askins, Bruce Fife, and Matt Encinas, who generally start ahead of them. Hall also praised Bobby Aguilar of Delano, who is fast rounding into shape after a three-year stint in the Army. Les Kalendar of Dinuba, a fullback, also showed running promise against Reedley, Hall said.

In the line, reserve tackles Steve Ferrero and Lyle Dennison turned in good performances and with Stan Connor and Bob Stafford give the Pirates four top men in this position. Stafford was given the "Player-of-the-week" award for his performance against Reedley.

Hall will have some added strength at the guard spots with the return of Donley Caldwell after a knee injury suffered early in the season. Henry Balague, another guard, still will miss the C.O.S. game, however. At center, Bob Salyers of Laton is engaged in a tough battle with Slug Lesneski for the starting post. Hall rates them about even.

The C.O.S. Giants, on the basis of scouting reports, will give away pounds to the Pirates but will hold a big advantage in speed. Dale Messer of Lemoore, state prep hurdle champion, is the Giants' chief break-away threat and has good running company in Guy Troisi, 220-pound fullback from Kingsburg, and Eugene Reyes, a classy halfback from Fillmore. The Giants' forward wall is laced with former Tulare and Visalia high school stars.

Of special interest in this year's game is the Supervisors' Trophy, offered by members of the Tulare County Board of Supervisors, which will be presented to the winner each year. Donors were Rodgers L. Moore, John R. Longley, Halver Haddock, Harry Perry and Malcolm Crawford.

The new trophy will be presented to the winning team's captain at the conclusion of the C.O.S.-Porterville game.

The trophy will be held by the winning school for one year and under no circumstances will be permanently kept by either school.

In the event of a tie Saturday, a coin will be flipped. In succeeding years, if a tie occurs, the

PANTHERS MEET REDWOOD FRIDAY NIGHT

Coach Carl Elder's high school Panthers rate an edge over Redwood of Visalia in their league opener at College stadium in Porterville Friday evening; varsity game is set for 8:00 p.m., lightweights at 6:00 p.m.

After losses to Madera nad East Bakersfield, the Porterville team came back last week to overpower Exeter as Elder's inexperienced line began to show signs of life.

Redwood has a number of lettermen back from last year's

school that had won the trophy the year before will hold it for another year.

squad, however, this second high school in Visalia is young in football years and has not yet generated sufficient momentum to really move in "big school" circles. However, the club is much stronger than last year and will be no push-over for the Panthers.

Electric
cooking
is fastest

**Now! Bacon and Eggs
in 3½ minutes
when you cook electrically!**

TODAY, NOTHING COOKS FASTER than a modern electric range. Bacon and eggs in 3½ minutes. Instant coffee in 60 seconds. Hot soup in 68 seconds. Fry, bake, broil or roast—electricity does it better.

THERE'S MORE: your kitchen is cooler. And cleaner. Pots and pans stay mirror-bright. Kitchen walls look fresh and new twice as long.

SOMEDAY YOU'LL COOK on a modern electric range. It's almost inevitable. But why postpone it? Edison rates are among the lowest in the country. What's more, after the warranty on your range expires, Edison services it free as long as you own it. (The only charge is for parts, when needed.)

IF YOU'RE STILL COOKING the old way, it's simply because you haven't seen the new '56 electric ranges at your appliance dealer's.

JESS BELL WILL DISCUSS CARCASS QUALITY OF MARKET GRADE HOGS AT A SWINE PRODUCERS FIELD DAY SATURDAY

Professor Jess Bell, widely known swine authority of Fresno State college, will discuss carcass quality and characteristics of different market grade hogs at the swine producers field day to be held at the Farm Bureau stockyards in Visalia on Saturday, Oct. 13.

Hog carcasses representing four market grades will be on display and live hogs representing the same corresponding grades will be shown enabling the producers to become better acquainted with both live and market grades.

The hogs to be shown have been on a feeding trial conducted by Bob Miller, Tulare county farm advisor, to determine the cost of fattening the various types of hogs up to a market grade.

Also on the day's program will be Leroy Sharp, manager of the Hog department of the Farm Bureau Marketing association, who will discuss marketing hogs by grade.

The meeting will start at 10:00 a.m. Lunch will be served in the cafeteria and the meeting will adjourn about 2:00 p.m. All interested persons are cordially invited to attend.

BEWARE OF QUACKS WITH CANCER CURES

Quack "doctors" are introducing scientific double-talk as a new bait with which to lure unsuspecting cancer victims in California, it was reported today by Thomas Fawcett, public information chairman of the Tulare County Branch of the American Cancer society.

He said there is no way of telling how many local patients have been taken in by smooth-talking medical frauds who try to fool people into thinking that they have a scientific "cure" for cancer.

"But one thing is certain — the price of placing one's trust in such a person can easily be death" he declared.

"The fascinating progress being made by legitimate cancer researchers with chemicals, hormones, and viruses is being exploited by the quacks", according to Mr. Fawcett.

He pointed out that the phony "doctors" most of them without formal medical training, steal scientific language from newspaper stories about cancer research and twist it to suit their needs.

He said that numerous cancer quacks are operating in the United States, in spite of concerted action against them by the U.S. Pure Food and Drug Administration, the American Medical association, the California Medical association, the American Cancer Society, and agencies such as the California State Department of Health.

BORROR HOLSTEINS SET RECORDS

Mark and Bruce Borrer, of Springville, have had the following Holsteins listed by the Holstein-Friesian Assn. of America as having completed official records that bring their lifetime production totals to more than 100,000 pounds of milk.

Sequoia Robee D 2642863 (VG), 112,961 lbs. of milk and 3,850 lbs. of butterfat in 2,573 days on official test; Rocky Hill Mont Contender Norma 2453942 (VG), 106,348 lbs. of milk and 4,273 lbs. of butterfat in 2,982 days on official test; Sequoia Heilo May Belle 2642852 (VG), 102,670 lbs. of milk and 3,657 lbs. of butterfat in 2,350 days on official test; Sequoia Julie L 2903161 (VG), 102,239 lbs. of milk and 3,548 lbs. of butterfat in 2,264 days on official test; Lassie Julie Sequoia 2499845 (VG), 101,194 lbs. of milk and 3,703 lbs. of butterfat in 2,200 days on official test.

Crop Damage

(Continued From Page 1)

men in restoring electric power service.

Lightning struck several points in the community. Five mountain fires were reported from lightning, however, all were controlled.

Daybell weather station reported .63 inches of rain during the storm to bring season total to about one inch; last year at this time, no rain had fallen. Foot-hill area received greater amounts of rain.

Crowd at the Saturday night Porterville College-Reedley football game was rained out in the second half, when a heavy fall virtually emptied the stadium.

Cattlemen are now speculating on results of the storm in regard to range feed conditions, with the possibility seen that grass may get a too-early start, then either die back, or be damaged by winter cold weather.

No damage occurred to the Navel orange crop that will be coming on in a month or so.

COTTON FORECAST FOR STATE

California cotton production is forecast at 1,310,000 bales as of October 1, down only slightly from the previous month's forecast.

This figure compares with 1,205,000 bales produced in 1955; 10-year average is 1,164,000 bales. Indicated yield is 844 pounds from an estimated 745,000 acres, which, if it materializes, will be a record per acre yield for the state.

Figures are from the California Crop and Livestock Reporting service.

Plans Moving

(Continued From Page 1)

ported that sale of ads in a souvenir program is receiving a good response; Dewey Jackson said that the celebration will feature three dances on November 12 — the Grand Ball at the Green Mill; a square dance at the V.F.W. hall, and a Spanish-speaking people's dance at the Sports Center, with the Mexican Catholic organization in charge of the latter.

On Saturday night, November 10, a street dance is planned, and on October 26, the Queen's Coronation ball will be held at Porterville high school.

Charles Haener reported that parade entries continue to come in from throughout the southern valley area.

Next meeting of the Homecoming committee is set for 7:00 p.m. at the American Legion hall in Porterville, Monday.

Dial Telephone

(Continued From Page 1)

complex dial telephone equipment in Porterville's new telephone building.

They've also changed most of the 7,350 telephones here to new dial sets. But they expect to be working on both phases of the dial project right up to the moment the dial system goes into operation.

Nationwide direct distance dialing will be available to those on one or two party lines. It means they'll be able to dial calls to such places as New York City, San Francisco, Los Angeles, Fresno and Bakersfield just about as easily as dialing a number in Porterville.

Mr. Board said detailed dialing instructions, along with a list of

Clement Speaker At Democrat Breakfast

More than 500 persons are expected Saturday morning in Tulare at a Democrat fund-raising breakfast meeting that will feature a major political address by Governor Frank Clement of Tennessee.

Governor Clement, 1956 Democratic National Convention key-note, will discuss the natural resources "giveaway" of the Eisenhower administration.

Ross Boyd of Porterville, chairman of the sponsoring Tulare County Democratic Central committee, says the Tennessee governor will stop at the Tulare Veterans Memorial auditorium between 8:00 and 10:00 o'clock Saturday morning.

Tickets for the breakfast, priced at \$2.50 each, are available at party headquarters in Tulare, Visalia, Porterville and Dinuba, and from members of the central committee.

Mr. Boyd reminds that this is the 36 year old governor's only appearance in the San Joaquin valley during the current political campaign. After his speech, Gov. Clement flies to Los Angeles for a luncheon speech.

TULARE FIFTH COTTON COUNTY IN THE NATION

Tulare county, with 246,990 bales of cotton, was the fifth cotton county in the nation, according to U.S. Census bureau figures for 1954.

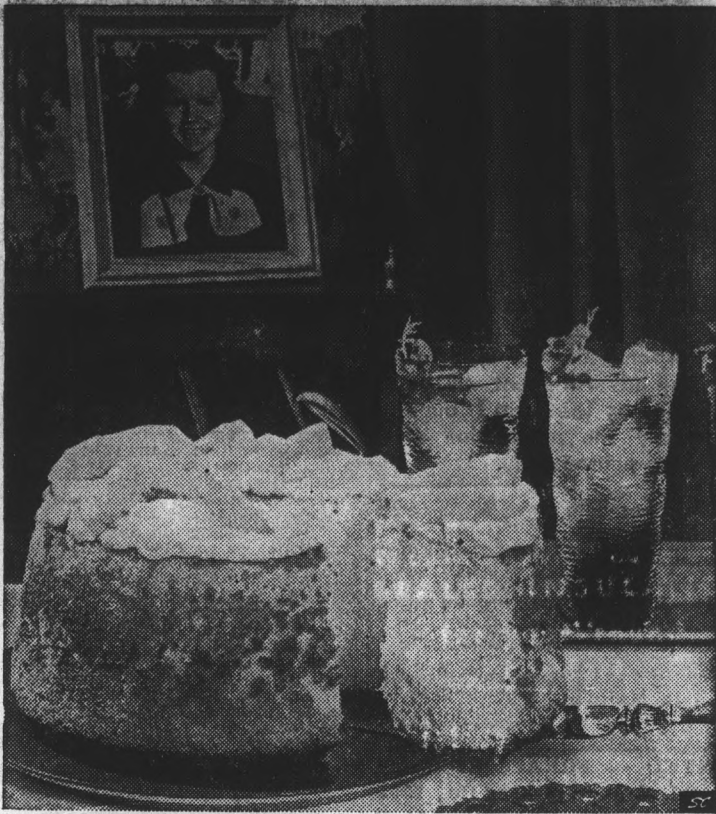

No. 1 county was Kern, with 385,273 bales; Fresno ranked second with 372,528 bales, while Arizona had the third and fourth counties.

Record Loan Value Made By FHA

An all-time record of \$308,492,000 in total loans made and insured in a single year was reached by the Farmers Home administration in its fiscal 1956 operation.

many of the dialable points, will be mailed to the customers involved.

Inspired By Recipe In Girl Scout Founder's Home

Do you like collecting recipes? Most homemakers do! And this is what a famous food company decided to do too.

Angel Food Mix, for instance, more recent than most on the culinary scene, was inspired by a recipe found in a lovely old mansion in Savannah, Georgia. This was the home of Juliette Gordon Low, founder of the Girl Scouts of the U.S.A. in 1912, and a famous hostess in her day. The Dromedary Company acquired the rights to this delicious recipe in return for contributions to the support of Mrs. Low's home, now owned by the Girl Scouts of the U.S.A.—and a member of the National Trust for Historic Preservation.

Serve the Angel Food, if you wish, with a sprinkling of confectioners' sugar—or try this for a change.

Angel Food with Peaches 'n Cream
1 pkg. Dromedary Angel Food Mix
1 cup heavy cream, whipped
Prepare Angel Food Mix following package directions and allow to cool thoroughly. Cover top with whipped cream. Sprinkle lemon juice over peach slices to keep from darkening. Drain and use to decorate cake.

Green pea harvest will start in the Delta district will be coming on with celery the end of this month.
